

EV Guidelines WindShieldNotes

Here is a WindShieldNote that I send out for FREE to Plug-IN owners who purchase items from my <http://EV-Etiquette-Store.com> on ETSY.

It is printed on a heavy weight cardstock that is 4" x 4" and glossy coated to resist rain and weather for many days.

You can print these out for yourself, both should be left under WindShield Wiper Blades since one is the front side and the other is the back of one card.
